

URAC Accreditation

Building a Quality Network

In 2005, Connection Dental® Network, owned and operated by GEHA, became URAC Accredited for Health Network, making it the **FIRST** in the dental PPO network market.

URAC, an independent, nonprofit organization, is well-known as a leader in promoting health care quality through its accreditation and certification programs. URAC offers a wide range of quality benchmarking programs and services that keep pace with the rapid changes in the health care system, and provide a symbol of excellence for organizations to validate their commitment to quality and accountability. Through its broad-based governance structure and an inclusive standards development process, URAC strives to ensure that all stake holders are represented in establishing meaningful quality measures for the entire health care industry. For more information, visit URAC (www.urac.org).

Connection Dental Network has been accredited since 2010 for Health Network with credentialing through August 31, 2016. The Network must follow stringent guidelines to maintain such accreditation. The result for our clients? A highly qualified network of providers for your clients.

Perhaps that's why PPO USA has grown to become one of the nation's leading health care cost management companies. Come Grow with Us.
